1. FRESH ONION VARIETIES & TECHNICAL SPECIFICATIONS

Variety / Commodity	Caliber / Size	Skin & Quality Profile	Moisture & Shelf Life	Packaging Configuration
Shallots (Small / Sambar Onions)	20–30mm, 25mm+ Graded	2-3 firm reddish-copper dry outer skins; rich concentrated aroma.	< 11% at stuffing. 40–50 Days (Ventilated)	5kg, 10kg, 20kg Mesh / Net Bags
Pearl Onions (Baby / Button Onions)	18–25mm, 25–35mm Uniform	Tight pearl crimson/white skins; mild & sweet gourmet profile.	< 12% at stuffing. 35–45 Days Controlled	5kg, 10kg Mesh / Carton Boxes
Big Onions (Nashik Red / Yellow)	45–55mm, 55mm+, 60mm+	3-4 dry papery crimson layers; high pungency & firm crisp texture.	< 12% at stuffing. 45–60 Days (Reefer 0-5°C)	10kg, 25kg, 50kg Leno Mesh Bags
Spring Onions (Scallions / Bunching)	25–35cm Stalk, Base > 8mm	Fresh white bulb with crisp green foliage; pre-cooled harvest.	Chilled Cold Chain. 14–21 Days (0–2°C)	5kg, 10kg Thermocol + Gel Ice

2. REEFER CONTAINER LOGISTICS & COLD CHAIN PARAMETERS

Parameter	Standard Export Specification	Operational Standard
Container Unit	40ft High Cube Reefer Container (40' FCL)	Pre-cooled clean container
Payload Capacity	28.0 to 29.0 Metric Tons (approx. 2,800 - 2,900 x 10kg mesh bags)	Maximized stuffing efficiency
Temperature Control	+0°C to +4°C (For Big Onions / Shallots / Pearl Onions)	Continuous digital monitoring
Humidity Setting	65% to 70% Relative Humidity (RH)	Prevents rot and mold growth
Fresh Air Ventilation	25 cubic meters per hour (cbm/hr)	Active de-humificator open
Port Dispatches	JNPT (Nhava Sheva, Mumbai) & Mundra Port (Gujarat)	Express customs clearance

3. QUALITY ASSURANCE, INSPECTION & COMPLIANCE

Phytosanitary Certification: Every consignment is inspected by the National Plant Protection Organization (NPPO), Ministry of Agriculture, Government of India, and issued an official Phytosanitary Certificate prior to vessel loading.

Third-Party Inspection: Independent quality certification by **SGS**, **Bureau Veritas**, or **Cotecna** is conducted upon buyer request. Quality parameters verified include size caliber grading, moisture content, skin layer integrity, and net weight verification at the Palladam packhouse.

Private Buyer Branding: Custom mesh bag colors, buyer barcode tags, importer markings, and destination language labels printed according to importer specifications.
